Hello,

Great news - we just received OCSPP IO approval on the response to Micmac Nation Chief. Attached is the final version that is being shared with R1 to sign and send out.

Again, thank you for all your help and patience with this response!

**Subject:** FOR DD REVIEW Michal/Jake Comments: Response to Micmac Nation re: glyphosate; DDL: 10:00 am tomorrow

Hello,

For your review, linked below is a revised clean file (I left OCSPP IO's comments) and track changes. Thank you, Monique and Holly for your edits and additional language.

Can you please let me know by 10:00 a.m. tomorrow if you have any further comments/edits? R1 did reach out yesterday on the status of the response.

Tribe Response - clean  
Tribe Response - track changes

As an FYI, copied below is the incoming request (also in email chain) -

I hope all is well with you! I am reaching out because Region 1's leadership participated in the recent Tribal Leaders Summit where we received comments from Micmac Chief Peter Paul. Chief Peter Paul's comments included "is EPA doing anything in regard to Roundup? It is applied to managed forests and affects fish, moose, and deer. What are they doing to animals? Hardwoods are some of what animals eat. How does it really affect our ecology. Deer ingest this." He specifically mentioned the Maine governor's veto of a bill regarding glyphosate.

We are drafting a response to go from our Acting Regional Administrator to the Chief letting him know we appreciated hearing his comments and will follow-up with more information. However, we did not want to get out in front of OPP by communicating specifics about the registration, risks, etc. Would you be able to point me to someone in the Registration Division who could coordinate a follow-up response from OPP to the chief addressing his concerns regarding risks (we are inferring too that by mention of deer he may have concerns about human health risks from consuming deer). It would also be helpful if the letter could summarize or point to EPA's current policy communications on the use of glyphosate and give a status and summary of the registration review.

Many thanks,  
Carissa

**Subject:** FOR REVIEW Michal/Jake Comments: Response to Micmac Nation re: glyphosate; DDL: Monday

Hello,

We received a few comments on the draft response to the Chief regarding glyphosate. OCSPP IO's comment is below as well as the incoming email from R1, who received the inquiry from the Chief.

I went through and addressed what I could based on previous comms material and our web site. Can you please review and provide any additional edits by **COB Monday**, in particular Jake's request to explain EFED's risk assessment?

Tribe Response Glyphosate

Many thanks,

Carissa

Hello, Jonah,

For OCSPP IO awareness, attached is a draft response to a tribe who reached out to R1 regarding glyphosate (email chain below). The response is teed up for R1 AA signature. The response has been reviewed by both OPP and OPS.

If there are no concerns from OCSPP IO, ICRB will send this back to R1 for signature and closure.

Many thanks,

Carissa

**Subject:** FW: Response to Chief Peter Paul of Micmac Nation

Hi Kaitlin – I am following up with the draft of the letter that we would be planning to have our Acting RA send to the Chief. We will hold off on sending the letter until we are able to connect with you on whether OPP would send a follow-up response to the chief. Please feel free to point me to someone else if you are not the correct person to start with on this.

Thank you very much for your help, Stephanie
